RECEIVED

CITY CLERK
HONOLULU, HAWAII
JAN 31 11 40 AM '07

I'm against divorcing transit from housing, and particularly interfering with the development of land into higher and better uses, unless it is criminal or unjustifiable from a social, political or economic perspective. Most of all, I believe that housing is vital in order to defray the cost of rail, i.e., to build market rate units in a mid or high rise complex at or around the stations.

Aloha,

Ricky Cassiday
